

2013 AIA SANTA FE DESIGN AWARDS JURY

Curtis W. Fentress, Chair

Curtis Fentress has designed \$30 billion of architectural projects worldwide, visited by over 350 million people annually. In 2010, he was honored by the American Institute of Architects with the Thomas Jefferson Award, the highest distinction in the field of public architecture.

Michael O. Winters

Michael Winters is a Principal and Director of Design and Interiors at Fentress Architects, where he has worked for over 30 years. Michael has been the Design Director for some of the firm's largest and most complex projects including Denver International Airport, Santa Fe Community Convention Center, Clark County Government Center, San Jose International Airport, and Kuwait Business Center. His career portfolio totals over \$9.5 billion, having won over 115 design awards, including 10 national design competition wins.

Jeff Olson

As Principal in Charge and Project Manager for extremely complex medical, scientific, educational, and civic projects for Fentress Architects, Olson's achievements have earned local, regional, national and international recognition in the form of awards, publications, and speaking opportunities.

Matthew Breest

Matt joined Fentress Architects after graduating from Montana State University five years ago. He is a designer who is motivated by the storytelling potential of each building and its opportunity to lift observers into a shared experience.

John Stoltze

John Stoltze's 23 years of experience have set the foundation for his role as a lead designer for Fentress Architects. His design understanding can be seen through the modernized international terminal at LAX, Santa Fe Community Convention Center, the National Museum of the Marine Corps, and the Ralph L. Carr Colorado Judicial Center. John has had 10 national and international design competition wins in his career.
